

DAS
DESIGN

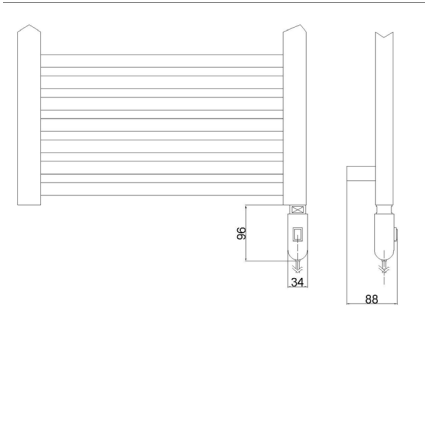

ON/OFF

ON/OFF SYSTEM

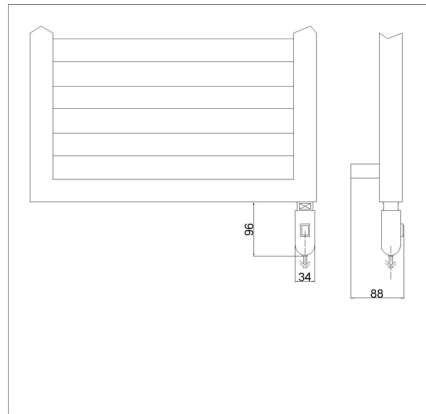

is a perfection amongst heating element controllers with luminous on/off button, double safety system, for overtemperature and electrical leakage.

Simple and versatile system, without control systems for auto switch-off.

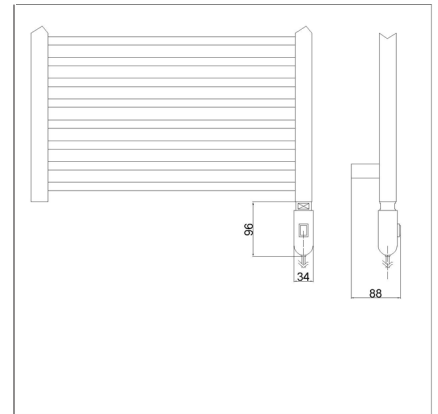

ASET

SQUARE SERIES

AMONET - SETH

TECHNICAL SPECIFICATIONS

Power: 230V/50Hz
Available output power: 300, 400, 600 Watt
Protection devices: Class I
Radiator connection: 1/2"
Ingress protection [IP]: IPX4

Application: TOWEL RAILS

VDE APPROVED

UL - CSA V120

Tipo 2: Interruttore grigio (RAL9006), cavo e spina grigi
